STRIKE REPORTED ON KRIS KRINGLE

DOUGHERTY AND FLEMING OPEN UP LEDGE AT THREE FEET.

James Grimes, who is operating the Grimes lease at Gold Reef, came in from that district yesterday and reports a strike in the lease operated by Owey Dougherty and Tom Fleming on the Kris Kringle group, which is situated about four miles southeast of the Toggery group. Mr. Grimes stated that Dougherty and Fleming had come to his camp on Thursday evening with some rock that they wish to pan, they having no mortar at their camp. The rock was a yellow quartz and Mr. Grimes in giving an estimate of the values said that it would in all probability go over \$300 to the ton.

Dougherty and Fleming have only been working the property for several days and the ledge was encountered at a depth of three feet.

EAGLES TO GIVE MINSTREL SHOW

The Fraternal Order of Eagles held their regular meeting last evening at Butler hall at which a large number were present. Under the head of good and welfare of the order the Eagles determined to soar to greater heights than ever before attempted. They propose giving a minstrel show in the near future. As the membership of the order is recruited from men of the world, those who seek a Bohemian life as well as professional and business men, it is presumed that when the curtain raises on the burnt cork artists, standing room will be at a premium.

MAKE INSPECTION OF THE MIDWAY

A party consisting of James S. Austin, J. Harvey Whitman, Frank Keith and Superintendent Blackburn of the Tonopah Mining company, together with W. J. Douglass paid a visit to the Midway mine yesterday morning. They inspected the 300, 400 and 800 levels of the mine. They were particularly impressed with the big vein of ore on the 800 and expressed themselves as highly pleased with what they saw in the mine.

DOUGLASS' FRIEND TURNS SOCIALIST

Here's the latest on Billy Douglass. On a recent visit to Manhattan Mr. Douglass met an old-time friend who had always been an active worker in the Democratic party. Mr. Douglass opened the jack pot with the following:

"Well, Mike, what do you think of this man Bryan?"
"Nothin' doin' this time, Mr. Douglass."
"Why, what's the matter, Mike?"
"Shure, I am a Socialist."
"Well, how is that, Mike?" said Mr. Douglass.
"Well, you see," said Mike, "I am casting my vote for Preston. We will always know where to find him."
After which Billy said No! No!! No!!!

SAYS RAWHIDE IS MARVELOUS

URI CURTIS REPORTS SCARCITY OF TEAMS TO TRANSPORT ORES.

Uri B. Curtis, who has been in Rawhide for the past several days, returned from that camp yesterday and speaks in the most glowing terms as to the conditions there. He said: "It is certainly marvelous. When one stops to consider that there are twenty-seven hoists in operation and more en route, then one can have some idea of the amount of mining going on. The miners and leasers are having a hard time to secure wagons in which to make ore shipments and on the road from the camp you will pass innumerable teams hauling the high grade to the railway. The water will soon be in the camp and with the grading for the railway nearly completed it is my opinion that Rawhide will be a hummer this fall. The autos are crowded daily with people going into the camp."

WILSON EMPLOYS EMINENT MASSEUR

NEVADA BARBER SHOP HAS BEN SMITH IN CHARGE OF HAMMAN BATHS.

Mr. Ed Wilson of the Nevada barbershop has been fortunate enough to secure the services of Ben Smith, who is known from New York to San Francisco as a masseur. Mr. Smith has had the distinction of handling the Vanderbilts and Goulds in his career and for a long time was private masseur for J. Pierpont Morgan, extending over a period of three years. He will take charge of the Hamman baths this morning and from now on will be found there day and night.

MILL AT GOLDEN ARROW DAMAGED

CLOUDBURST CAUSES RUSH OF WATER THROUGH THE PLANT.

The cloudburst at Golden Arrow last Sunday evening was the worst that has ever been experienced in that section.

The Golden Arrow mill in Hawes canyon, which was just about completed, was badly damaged, washing out the foundations and disabling the engine by the amount of sand and debris which ran through the plant.

Several thousand dollars worth of damage was done on Longstreet's ranch. There was fully three feet of water over the entire place and the people were forced to flee to the hills for safety. The storm came from the east through Eden canyon, where its full force was felt. The rush of water was so strong that cattle were unable to get out of the way and quite a few head were drowned. It then moved over the Kawich range and spread desolation in its wake.

BUTLER DRAWING CROWDED HOUSES

The Butler theater program which changed last evening is one of the best we have had the pleasure of witnessing. Every number was exceptionally good and drew forth much enthusiasm from the audience. The opening song, "Sweethearts," was rendered exceptionally well by Miss Emmett and pleased everyone. The pictures are all above the standard, and several expressed themselves as being the best they had yet witnessed. The illustrated songs, "San Antonio" and "I've a Longing in My Heart for You, Kate," were rendered by Billy Walker in an exceptionally good manner and pleased everyone. Mrs. Balliet in her singing and dancing act clearly demonstrated that she is an artist of rare ability. Her act brought down the house and everyone certainly enjoyed it. We hope the management will be able to retain Mrs. Balliet on their already efficient staff, as she is certainly a great drawing card.

CARL VAN VLEET HAPPY.
The home of Mr. and Mrs. Carl Van Vleet was gladdened yesterday by the arrival of a handsome girl baby whose weight was ten pounds. The entire Van Vleet family are doing well.

CREW OF MEN FOR GOLDEN ARROW

COTTER MINES COMPANY WILL COMMENCE ACTIVE DEVELOPMENT CAMPAIGN.

Captain Cotter, with a crew of men leave for Golden Arrow this morning. The Cotter Mines company recently purchased an 18-horsepower Western gasoline engine and hoist, which was shipped to Goldfield the early part of the week. The company is now down 227 feet, where they have encountered a five-foot vein of free milling ore that will average \$30 a ton. The ore is of a sulphide character, which goes to show permanency. They propose sinking to the 500-foot level as soon as the hoist is installed. Above the 180-foot level they have blocked out 5000 tons of oxidized gold ore, which assayed \$25 to the ton. The management contemplates installing a mill in the near future to handle this ore.

Joseph Cadieux, foreman of the Cotter Mines company, who is also leasing on Dead Horse buttes at Golden Arrow, reports opening up two feet of silver ore that goes \$50. He has also encountered a streak which gives assays from \$300 to \$400 per ton.
